## An Easy Way to Reduce Flesh

Drink Hot Water and Take Tasso

Haven't you often wished for a medicine to reduce your flesh? Something that does not require dieting or calisthenics? Well, right here you have it in 5-grain Tasso tablets, which you may secure at your druggist's. They are pleasant to take, perfectly harmless and cause no restrictions of habit or eating, and reduce the flesh, little by little, until you are down to the number of pounds you wish to weigh. Too much flesh is undesirable, as most stout people will readily admit, and it detracts from one's good appearance; makes one clumsy and short of breath.

There isn't any reason why anyone should be too stout, when there's this much-tried, perfectly satisfactory remedy at your druggist's. Tasso tablets (don't forget the name) are recommended by physicians and are guaranteed to be perfectly harmless. Refuse substitutes, if you can not come to our store, we will mail Tasso to you.—Adv.

## NATURE PROVIDES THE INGREDIENTS

Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local People.

If the digestive organs are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by every druggist.

### Now Will Milwaukee be Good?

One of the Kansas City police commissioners has announced that in the future he will be opposed to granting a license to any saloon that sells beer that is manufactured in Milwaukee. The principal products of Milwaukee are pro-Germans and beer and by boycotting one may be the means of bringing the other to their senses.

## Every Woman Should Use Town Talk Tablets for Comfort

Women that are thin, pale, hollow-chested, sunken-cheeked who are losing flesh, can't sleep, have foul breath, bad taste in the mouth who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. Town Talk Tablets cure all these symptoms as if by magic. They cure the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women just now are experiencing. Mrs. N. A. Hatch of 80 Park Avenue,

Brockton, Mass., says: "For a long time I was in a terrible run-down condition with female trouble, which my physicians called different names. I suffered terribly at periods, and could get no relief. I heard of Town Talk Tablets which a number of my neighbors were taking, every one of whom had some good report to make about them, so I got a bottle. They helped me at once, so I got another. After the second the pains left me, and my old periodical suffering came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain, I am gaining in strength and flesh every day. There is certainly nothing made that can equal Town Talk Tablets. \$1.00 a bottle. Mailed by Home Relief Laboratories, Boston, Mass."

## CAPTURED SAMMEES TO HAVE GOOD CARE

War Department Sets Aside Sum to be Used in Germany.

Washington, April 18.—Captured American soldiers will be given the best of care during their enforced sojourn in Germany.

It was learned today the state department has requested the sum of \$5,000 to be set aside by the war department for that purpose. The plan is to place this sum of money in the hands of the Spanish ambassador at Berlin to be used for the purchase of extras that are not allowed prisoners under the international law.

This sum will enable Americans that have been wounded so severely that amputation is necessary, to be supplied with artificial limbs, for the manufacture of which Germany is famous.

The money may also be used in providing sports materials, such as footballs and bats and the various indoor games by which the prisoners may while away the long hours.

The war department has taken the request under advisement, but it is understood the suggestion will receive approval and the funds be so disposed.

### U. S. Takes Over Bosch Company.

Washington, April 20.—The Bosch Magneto company of Plainfield, N. J., and Springfield, Mass., has been taken over by A. Mitchell Palmer, the alien property custodian, it was announced tonight.

The property is valued at \$5,000,000. Unwillingness on the part of the company directors to take orders for material to be used against Germany was a moving cause of the action.

### HIGH SCHOOL NOTES.

Everyone in high school is either buying a receipt for an Annual, or they are intending to do so. "A book in every high school pupil's home" is the motto of the sales manager and from the way he is selling receipts it looks as if there will be an Annual in every home. There should be an Annual in every home in Butler, because this book is something that pertains to the school and the school life of the students.

There are several cases of the "mumps" in the school now. Some are coming back after having had them while others have just left school on account of having contracted them.

The annual inter-society track meet will be held Friday evening May 2d. The track team captains of the two societies are Emmett Bullock, Delta Kappa; Emerson Campbell, Alpha Sigma. Last year the Delta Kappa's had an easy time, winning the meet, but this year there is more opposition offered by the Alpha Sigma's. As well as it can be figured out, the meet this year will be nip and tuck all the way and it is thought that it will not be decided until the last event is over.

Rev. Moore, of the Christian Church addressed the students last Tuesday morning on "Ideas and Ideals." He said that we should have both ideas and ideals but that we should not let one take the place of both. He paid a fine tribute to President Wilson. He said the president had both ideas and ideals. He told a little story to show that Mr. Wilson is a man of ideas. So the story goes: A large corporation wanted a motto, so they had the professor of English at Harvard write one. After this professor had written it, it was thought that the motto could not be improved upon. They took it to the president and he picked it to pieces, adding some here and subtracting some there. After he had finished it, it was one of the best mottos of any business house in the United States. "And yet," Mr. Moore said, "some of the politicians said that this school teacher (Mr. Wilson) would never be able to manage affairs at the White House." Mr. Moore's talk was splendid and practical. The students enjoyed it very much and will remember it.

Mrs. Sarah M. Wilkes, of Verona, was arrested again Saturday on the charge of assisting in the murder of her husband. A warrant was issued in the circuit court at the request of the prosecutor. She was released on bond of \$5,000. Virgil Wilkes, her son, is charged with the murder of his father, George M. Wilkes, wealthy farmer.

A few minutes after having stabbed his son-in-law in a fight Thursday, A. A. Webster of Lebanon, dropped dead from fright in his home. The son-in-law, Perry Naylor, who had shot Webster, injuring him slightly, hearing of Webster's death, thought he had killed Webster and shot and killed himself. Neither of the men's injuries, sustained in the fight, were serious.

Indictments under the espionage act returned by the Cape Girardeau county grand jury against Rev. M. D. Collins, Catholic priest at Jackson, Mo., Rev. E. C. Collins is out of the city.

George Rheidel of Cedar City was made to kneel in the road and kiss the American flag when he said that the Kaiser would be in the White House in two years. More drastic punishment was threatened, but cooler heads prevailed. Rheidel admitted he said too much and that he would keep his thoughts to himself in the future. He is employed by a Jefferson City manufacturing concern.

Mrs. Kate Skaggs of St. Louis Friday chopped to death with an axe and butcher knife her two children, Leo, 5 years old, and Mary, 4 years old. She then stuffed cotton in the throats of her two other children, Cora, 9 months old, and Anna, 3 years old, and hacked them, seriously injuring both. After attacking the children, she wrote a note, blaming her husband, Perry Skaggs. She was taken to the observation ward of the city hospital.

## MISSOURI NOTES.

Prof. Schaeperkoelter, has been re-elected superintendent of the public schools of Pleasant Hill.

Because a Jefferson City grocer sold a whole sack of sugar to a boarding house keeper, the local food administrator has prohibited its selling any more sugar at all for thirty days.

The Green county conservation bureau has bought a canning machine for the general use of the public with a capacity sufficient to take care of all the surplus fruits and vegetables in the vicinity of Springfield.

Mercer county made a most remarkable record in the Third Liberty Loan drive. It more than doubled its quota the first day of the drive, the first county in the state to do this.

Fifty per cent of the 1918 apple crop in Carroll County has been killed according to Russell D. Jay, county farm agent. Mr. Jay is of the opinion that the fruit was killed by the early April freezes in this section of Missouri.

Thousands of dollars damage has been done to the crops of Southeast Missouri and Northeast Arkansas by the heavy and continuous rainfall last week. Corn, potatoes and other crops are decaying in the ground because of the excessive rainfall.

More than two thousand bushels of seed corn have been tested in Carroll County in the last four weeks under the direction of the Carroll County Farm Bureau. Orders are being filled every day from Missouri and from other states as far as Ohio.

Joseph Chick, former treasurer of the Scarrett Bible and Training School, of Kansas City, and who was short over \$100,000 in his accounts, says that it was not embezzlement, but just bad judgment. Whatever it may have been the school lost the money.

The doctors of Henry county do not seem to be very keen on going to war. So far only one has volunteered from that county. The chairman of the county Medical Association received notice the other day that the quota for the county was seven and urging enlistments. The age limit for surgeons is 50 years.

Another of those indicted for participation in the disorders attending the recent strikes in Kansas City has been found to be an enemy alien and has been ordered interned for the remainder of the war. A stone wall and a firing squad would have much better effect on this class of things.

The appointment of Geo. F. Crutchley, editor of the Norborne Democrat, as collector of internal revenue for the western district of Missouri, has been sent to the Senate by President Wilson. He will succeed E. M. Harber, who resigned to accept the position of city counselor of Kansas City, under Mayor Cowgill.

Charles Chaplin, the film hero of innumerable pie slinging escapades, has suffered so much from stage fright in the last few weeks that he has got on his nerves and he is going to abandon the Liberty Loan tour, it was announced Saturday by his manager.
